

USE INTERPRETER IN CIRCUIT COURT

PLAINTIFF IN DAMAGE SUIT CAN
ONLY UNDERSTAND AND TALK
THE LITHUANIAN.

Jury is Secured and Father of Boy In-
jured by Train is First Witness
To Testify.

An interpreter is being used in circuit court at the present damage suit hearing to translate the Lithuanian language into English and vice versa. Marlon Kortokowski, the plaintiff, who brought the suit for \$5,000 against the Milwaukee, as next friend to his son Joe, a minor, was the first witness to testify in the case this morning, when the first evidence was put on. The claim is that Joe was injured seriously when run down by a train at sixteenth street, Moline, in June, 1913. The father could not talk English well, nor understand it. Searle & Marshall and J. Clinton Searle represent the plaintiff and the interests of the railroad company are being cared for by William Meese and C. S. Roberts.

Secure Jury.
The jury which will hear the case was secured last before court adjourned for the day last evening. The panel follows:

William Carter, L. N. Borden, Thomas Lillie, Leonard Kramer, J. H. Kinney and A. Pahl, Rock Island; H. A. Fuller, Andrew Hopkins and Julius Vander Venet, Moline; Stephen Hildebrand, South Rock Island; and John Wilson of Rural.

HIGH SCHOOL NOTES

Yesterday afternoon the students of the local high school were given the chance of hearing Miss Marie Williams, who won the big eight declamation contest at Canton last Friday night, give her selection, "The Going of the White Swan." Miss Williams' rendition was excellent and she was accorded much applause. Principal Burton also exhibited the beautiful gold medal which Miss Williams received at Canton.

Principal Burton displayed three beautiful shields which were won by our boys at the First Regiment Athletic carnival at Chicago last Friday and Saturday, to the students of the local school yesterday afternoon. He announced that Sol's complete list of medals and cups would be placed on exhibition as soon as a large enough case could be secured. Sol is going to exhibit his assortment at both the high school building and the Y. M. C. A. in order to advertise the book entitled, "Three Years of High School Athletics," which will be placed on sale in 10 days. The exhibition at the high school will take place this week.

According to Principal Burton of the local school, the local school's affirmative debating team will meet the negative team of the Davenport high school in the auditorium of the local school at 1:30 o'clock on the afternoon of March 19. The local students will assemble in their class rooms as usual on that afternoon, but there will be no classes. Instead the students will be permitted to hear the annual debate between Rock Island and their old rival, Davenport. The question upon which the two teams will debate is, "Resolved, that the Parent Post will be extended to include the entire express service of the United States." The local's affirmative team will be composed of Aline Martin, Robert Cline and Robert Otmsted. The prospects for the local team winning this debate seem very bright. In the evening of the same day, the Islander basketball squad will meet the Cambridge high school five in the gym of the local school. This game was arranged by Manager A. G. Hill of the local five, late yesterday afternoon.

Britain's share in the cost of the war for a year, according to the data given by Chancellor Lloyd George, seems to come to about \$3,100,000,000 in round numbers. It is the last hundred million pounds, he has suggested, which may decide the war. Still, the war may be decided not by pounds but by powder.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils
Opens Air Passages Right Up.

Instant relief—no waiting. Your "stuffed" nostrils open right up; the air passages of your head clear and you can breathe freely. No more yawning, sniffling, blowing, headache, dizziness. No struggling for breath at night; your cold or catarrh disappears. Get a small bottle of Ely's Cream Saline from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

OPENS RAZOR IN ATTACK ON WIFE

WOMAN SEEKING DIVORCE DE-
CLARES HUSBAND ASSAULTED
AND THREATENED LIFE.

Charging that he attempted to take her life after wielding an open razor while in a fit of frenzy, and declaring that the extreme and repeated cruelty she showed to her endangered and shattered her health, Mrs. Roseline Hahn of this city, this morning started suit for a divorce from her husband, William A. Hahn, in circuit court.

According to the bill filed the couple was wedded just a little over a year ago, Nov. 2, 1913, in Decatur, Ill. It was on last Saturday that the husband assaulted her with the open razor according to the declaration, and it was the climax of a series of brutal attacks made upon her. Attorney Robert H. Reynolds represents the woman and she asks for alimony.

STATE WORKERS HAVE INSTITUTE

TELL OF METHODS IN BIBLE
TEACHING CLOSING WITH SES-
SION COMMUNITY SCHOOL.

The Sunday school institute, conducted by four state workers, Hugh Cork, Charles E. Schenck, R. P. Shepherd and Miss Wilhelmina Stooker, at the Y. M. C. A. yesterday came to a close last evening when they addressed a meeting of the community training school. Addresses were given by these experts on the methods of Sunday school teaching, each speaking along the line of work that he is especially interested in. Later the school divided itself into two sections, the one being addressed by Miss Stooker and the other by Rev. D. A. Johnson, Hugh Cork closing the sessions with a stirring address.

The sessions began yesterday morning at 9 o'clock and there were in attendance Sunday school officers, teachers, department superintendents, etc., to the number of about 100, many coming from the nearby counties of Mercer, Henry and Whiteside. Messrs. Cork, Shepherd, Schenck and Miss Stooker took charge of the program of exercises and gave talks on the best methods of conducting Sunday schools, offering suggestions as to the latest things in this line of teaching and giving many helpful and instructive hints. In the evening Mr. Cork and Mr. Shepherd also addressed a meeting in Moline in the interest of Sunday schools. Today the workers went to Freeport where they are conducting an institute similar to that which was held here. They are making a tour of the state and wherever they have appeared have created a new interest in Sunday school work.
Mr. Cork is general secretary for the Illinois Sunday School association.

I Owe My Life

To
Peruna
I will
Praise it
as long as
I live.
I will not
be with-
out it in the Home. It
Saves Many Doctor
Bills.

Mrs. Selena Tanner, Athens, Ohio, writes: "I was nearly starved when I began to take Peruna. My stomach was so bad with catarrh that I could scarcely eat enough to keep me alive. In two weeks after I began to take the medicine my stomach felt all right. I have been well ever since. That was 15 years ago. I only wish everyone knew how useful Peruna is in the home. Whenever I am taking a cold a few doses will always break it up. Peruna is a good tonic to strengthen any one. Peruna is excellent for old people; also puny or weak children."

"Yes, you can use my testimonial wherever you wish. I am trying to tell every woman I can, for I am so thankful that a neighbor told me when I was considered incurable. It cured me to stay cured. Today I am enjoying good health. I am 66 years old. I owe it all to Peruna. I cannot find words to express my thanks for your kind advice at various times."

Mr. Schenck is a field worker, Miss Stooker is state superintendent of the elementary division and Dr. Shepherd is superintendent of the educational department, and there are no better authorities to be found in this field of work.

ALEDO

Andrew Steen, formerly of Mercer county, died at El Paso, Tex., Monday Feb. 8, of consumption, aged about 50 years. He was married Jan. 20, 1914, to Miss Jennie Amos of Aledo, at Pine Bluff, Ark., his former home. They left the same day for El Paso to try to regain his health. Besides his wife and an 11-year-old son by a former wife, he leaves his mother, Mrs. Mary Pinkerton of Viola, Ill., two brothers, Cary of Walla Walla, Wash., and Richey of Viola; and four sisters, Mrs. Ella Bean of Davis City, Neb.; Mrs. Emma Duncan of Murray, Iowa; Mrs. Ora Thornhill of Hutchinson, Kan., and Mrs. Mary Bailey of Mouth. He left here when about 20 years of age and has spent the greater part of his life in the west. Funeral services were held in El Paso Wednesday, Feb. 10, and burial was in the same city.

Miss Nellie A. Peters, daughter of Mr. and Mrs. J. D. Peters of this city, and Stuart Clark of Carthage, were married at the home of the bride's parents at 3 o'clock Thursday afternoon, Feb. 18. The wedding was a very quiet affair, only the immediate family of the bride being present. The ceremony was performed by Rev. A. E. Moody. The bride is one of Aledo's most charming and talented young ladies. Mr. Clark is a graduate of William and Washelli college, and was one of the college's best athletes. Both have many friends here who wish them a successful journey through life. Mr. and Mrs. Clark left Thursday evening for Carthage where they will be at home to their friends after March 1, on Mr. Clark's farm near that city.

Mr. and Mrs. J. E. Brown and daughter, Miss Bernice, were guests at the home of Mr. and Mrs. Bert Davison in Joy Wednesday.

PLOT TO DESTROY JAPAN'S EXHIBIT

DYNAMITE FOUND IN NIPPONESE
BUILDING AT THE PANAMA-
PACIFIC EXPOSITION.

San Francisco, Cal., Feb. 24.—An attempt to blow up the Japanese building at the Panama-Pacific exposition was discovered yesterday by a janitor, who found in the basement beneath a huge show case, a stick of dynamite, the fuse half burned. Every effort was made to keep the affair secret, but this morning a guarded story was published in a local Japanese paper.

It is current rumor that several other sticks of dynamite were found in the building, but besides acknowledging that one stick was found the Japanese consul will not discuss the subject. A searching investigation is in progress, but so far there is no clue to the identity of the man who attempted to perpetrate the act.

From prominent persons in the Japanese colony has come the information that the government in Tokyo has been apprised of the act and that much feeling has been created, not only among the Japanese in this city but in Japan as well.

On the part of the Japanese consul here and on the part of the more conservative members of the Japanese colony there is a disposition to place the blame for the act upon some person designated as a "crank," and this explanation is being made in an effort to placate the more radical members of the local colony.

Representations to this effect also have been made to the Japanese papers in Tokyo and other cities in Japan. It is acknowledged by the exposition authorities that had the single stick of dynamite exploded great damage would have been done to the building. The show case under which the stick was found contained some of the most valuable of the Japanese exhibits, and the dynamite was so packed under the heavy case as to give its explosive force full power.

The dynamite was of a brand manufactured near San Francisco and could have been purchased at any one of a number of stores, either here or in some one of the bay cities, without causing any attention such as would be of value in detecting the purchaser.

It is pointed out that in the rush of taking care of the big crowds of the opening days of the exposition it would have been comparatively easy for a person to have planted the dynamite undetected.

The Japanese exhibit is one of the most extensive at the exposition. The plot just frustrated is the first indication that there exists any enmity toward the Japanese as exhibitors, and despite the evident desire of the exposition officials to minimize the affair, there has been created in their minds a fear that further attempts to accomplish the purpose may be made.

**TAKES CHURCH BY FORCE;
ARRESTED FOR TRESPASS**
Kokomo, Ind., Feb. 24.—Because the younger members of the congregation installed a pipe organ and held an ice cream social in the church James McKillip, Jr., of Newark, Ohio, recently took possession of the property of the Church of Christ, 10 miles east of this city. He alleged his father gave the church in 1881 with a reversion clause against musical instruments and fairs or suppers. The trustees of the church filed an affidavit against McKillip charging him with trespass and yesterday he was arrested by the sheriff. McKillip had installed a cot in the pulpit and was guarding the church with a loaded shotgun.
